ASC 2017 Conference

cdmHUB will host the 2017 American Society for Composites Annual Technical Conference at Purdue University in Oct 22-25. The schedule of all the conference presentations can be found at <https://cdmhub.org/labs/run/ocs/index.php/asc/asc2017/schedConf/schedule>. The conference features 250 talks representing the cutting-edge research in composites in US and international. It also includes six plenary talks with distinguished speakers from academia and industry. You are cordially invited to attend this exciting event. Details for registration and travel can be found at <https://cdmhub.org/groups/asc2017>. The regular registration will end at 9/22.
