

cdmHUB News Letter

Global Composites Experts Webinar by Dr. Ken L Reifsnider

Issue 0

cdmHUB invites you to attend the Global Composites Experts Webinar Series. The third lecture is on Oct. 8.

Title: Direct coupling predicting the strength and life of fibrous composite laminates

Speaker: Dr. Ken L Reifsnider

Time: 10/8, 11AM-12PM EST.

Please go to <https://www.purdue.edu/cmsc/events/2020-webinars/> to register for this webinar.

Dr. K.L. (Ken) Reifsnider

Professor, Mechanical and Aerospace Engineering

Presidential Distinguished Professor

Director of the Institute for Predictive Performance Methodologies

The University of Texas at Arlington

**Defect Coupling Predicting the Strength and
Life of Fibrous Composite Laminates**

October 8, 2020 from 11 am–12 pm Eastern
