Global Composites Experts Webinar by Dr. Ramesh Talreja

cdmHUB invites you to attend the Global Composites Experts Webinar Series. The upcoming lecture is entitled "a manufacturing sensitive design strategy for composite materials using physical modeling and stochastic simulation of defects" by Dr. Ramesh Talreja on 9/24 11-12pm. The attendance is complementary. Please go to <https://www.purdue.edu/cmsc/events/2020-webinars/> to register for this exciting talk.

Title: A manufacturing sensitive design strategy for composite materials using physical modeling and stochastic simulation of defects

Speaker: Dr. Ramesh Talreja

Time: 9/24, 11-12.
