## American Composites Manufacturers Association

The American Composites Manufacturers Association (ACMA) provides over sixty education resources including certifications, standards training, manufacturing how-tos, and links to conference proceedings. In addition, ACMA publishes a bimonthly magazine featuring timely coverage of core market segments, materials and processes, "Composites Manufacturing." Weekly, they provide an email Industry Digest. Visit <u>https://acmanet.org</u> and <u>http://www.acmaeducationhub.org</u> to learn more.
